# MARINI'S HALL,

914-916 E Street Northwest.

The above beautiful edifice is delightfully situated in the centre of the city, and is accessible by all the lines of city cars. As a Ball-Room, it surpasses in elegance and general convenience all others in the city. As a Music and Concert Hall, and for Lectures, Parties and Weddings, it is wonderfully perfect in acoustics, and affords elegant accommodation for eight hundred persons. A great reduction in the rental has been made. The Hall is open daily for inspection. For terms and particulars, choice of nights, &c., apply at the Hall.

L. G. MARINI.

# MARINI'S HALL,

914-916 E Street Northwest.

The above beautiful edifice is delightfully situated in the centre of the city, and is accessible by all the lines of city cars. As a Ball-Room, it surpasses in elegance and general convenience all others in the city. As a Music and Concert Hall, and for Lectures, Parties and Weddings, it is wonderfully perfect in acoustics, and affords elegant accommodation for eight hundred persons. A great reduction in the rental has been made. The Hall is open daily for inspection. For terms and particulars, choice of nights, &c., apply at the Hall.

## Directory of Roads, Streets, Alleys, &c.

There are 1170 originally laid out blocks or squares, bounded by 21 avenues, and over 100 streets in the city, irrespective of the suburbs. The Capitol is nearly the centre of the city, and from it the streets are laid out at right angles, and according to our new system of numbering, are divided into four grand cardinal sections. All the streets lying northwest of the centre of the Capitol have northwest attached to them, those southeast, southwest and northeast are named in the same manner. The new system of numbering is called the decimal system, and is on the principle of allowing 100 for every square. It is beneficial to the city in case of fire or tearing down of a block of buildings. It does not disarrange the numbers ahead of that square. The streets named alphabetically run east and west from North and South Capitol streets; the streets named by numerals run north and south from East Capitol and the Mall. The avenues are laid out diagonally, as to the right-angle streets; their names will be found below. Many of the squares or blocks are so large that additional streets and alleys have been opened and named. Many of these alleys were named by the Directory men while canvassing, generally from some local cause. A glance at the past and present list of streets and alleys will show how these latter are increasing. We have added a list of all the roads in the District, which will be found very useful.

☞ "THE NEWSPAPERS OF THE NATIONAL CAPITAL." ☞

# THE EVENING STAR. THE WEEKLY STAR.

Washington, D. C.

**T**HE EVENING STAR is everywhere recognized as the leading newspaper of Washington. With two exceptions only, it has the largest circulation of any daily paper published south of New York, more than three times that of any other in the city, and equal to that of all the other daily papers in Washington added together. To advertisers, therefore, it presents peculiar and unequalled advantages, in the extent and character of its circulation, and in the low rates charged, considering the wide publicity it insures. It is, indeed, within its scope,

THE BEST ADVERTISING MEDIUM IN THE  
UNITED STATES.

THE EVENING STAR is furnished to subscribers at the following low rates: By carriers, in the city, 10 cents a week; by mail, 60 cents a month, or \$6.00 per year, postage prepaid; single copies, 2 cents.

**T**HE WEEKLY STAR.—This is a double or eight-page sheet, containing fifty-six columns of fresh News, Literary and Agricultural matter every week, and is pronounced by competent judges THE CHEAPEST AND BEST WEEKLY PAPER IN THE UNITED STATES.

Terms, \$2.00 per Year; 10 copies for \$15.00.

☞ All Mail Subscriptions must be paid in advance, and no paper sent longer than paid for. Specimen copies furnished gratis.

A Schedule of Advertising Prices (from which there is no deviation) will be sent to any address on application.

**Washington Branch, 708 D Street NW.**

**R. W. BATES - Manager.**

The NEW JERSEY MUTUAL LIFE INSURANCE COMPANY, of New Jersey,  
issues all the ordinary classes of Non-Forfeitable Life and Endowment Policies

The Company also offers a new and desirable form of insurance known as the  
**DECENNIAL DIVIDEND PLAN**, which is available for all forms of insurance at  
usual table rates. The plan is to form each year a class of all persons who may  
choose this form of benefit and to accumulate the surplus for ten years, paying only  
the amount of the policy in the event of previous death. The policy-holders who con-  
tinue their payments may withdraw their shares of the surplus at the end of the  
decennial period, or apply them to reduce the premium in future, or an opportunity  
will be afforded them to join a new class composed of such of the old class as may  
elect and the new insurers of the same year, in which the privilege is given to the  
original members of withdrawing their *Equity* or interest in the assets of the Company  
in fifteen years, or at the end of each subsequent period of five years. The advantages  
presented by this plan are very great. The whole surplus accumulated without deduc-  
tion, being divided among a diminished number, will, of course, afford a large amount  
to each person, and it is by no means improbable that at the end of ten years, upon  
an ordinary whole life policy, it will be sufficient to cancel the subsequent premiums.

# TO THE AFFLICTED A CERTAIN REMEDY!

---

## PELLETIER'S PILE SPECIFIC.

In presenting my PILE SPECIFIC to the community, I am fully aware that hundreds like myself have been disappointed in so-called remedies. For sixteen years I suffered all the agonies incident to the most aggravated case of Piles, augmented by "*Fistula*," in its worst form. Having tried in vain everything I could hear of in the nature of specifics, remedies, &c., I determined to try my own judgment, and the SPECIFIC I now so confidently place before the public is the result.

I have tried it in scores of cases with my *individual friends* and hundreds of strangers, and I have yet to hear of a single instance of failure to alleviate and cure.

I cordially invite the *suffering portion of the public* to visit my Laboratory and Office, No. 503 F STREET NORTH-WEST, WASHINGTON, D. C., and see some of the many testimonials there of its efficiency, from our best citizens.

—oo—

This Artificial Stone received honorable mention at the Vienna Exposition, and the First Premium [medal] at the Cincinnati Exposition in 1874.

It has been adopted by the General Government, and can be seen at the New York Post Office, and at the Capitol grounds at Washington, D. C.—sidewalks at the former and roadway at the latter—where it has undergone the severest tests.

## GOVERNMENT OF THE UNITED STATES.

### EXECUTIVE.

#### Executive Mansion.

The President's Mansion, or White House as it is familiarly called, is on Pennsylvania avenue, between 15th and 17th streets nw, and fronting Lafayette Square. It was erected in 1792; rebuilt after the war of 1812. It is built of free stone and painted white. The lawns around, containing some twenty acres, drop gradually toward the Potomac river. This elegant but not imposing edifice is two stories high, 170 feet long, 86 feet deep. On the north front, upon Pennsylvania avenue, the building has a portico with four Ionic columns, under which carriages pass. A sectional colonnade of six Doric pillars adorns the Potomac front. In the centre of the lawn, across the avenue, on the north, is Clark Mills' bronze equestrian statue of General Jackson, erected in January, 1853. The artist has the honor to be the first to succeed in erecting a statue

representing a steed poised upon its hind feet, with no other support. It is cast of cannon taken by Jackson, and cost \$50,000. Near the President's mansion, on the west side, are the very plain buildings of the Navy and War Departments, and on the other side the Treasury Department.

**U S Naval Observatory.**

Situated on E corner of 24th northwest,  
on the banks of the Potomac towards  
Georgetown. The site is a beautiful one,  
having a commanding view of the sur-  
rounding country. It occupies a high  
rank among the observatories of the  
world, there being but one (that in Rus-  
sia) superior to it.  
By it is regulated the time of the city  
and Government, and from it is calculated  
the latitude and longitude of the Western  
Hemisphere.

## LIBRARIES.

There are libraries in the Departments of the Government accessible to the employees. The aggregate number of volumes is over 140,000.

**The Young Men's Christian Association** has a library connected with its rooms of over 15,000 volumes.

**Washington Library** in Young Men's Christian Association Building. F H Smith, pres; J Meigs, sec.

**Odd Fellows' Library Association**, Odd Fellows' Hall. Pres, H Trien; vice pres, R Findley Hunt; sec, Thos W Fowler; treas, B A Kidder; directors, Wm R McLean, Thos Greer, Alfred H Gawler, Henry Trien, A J Donaldson

**The Library of Congress** occupies the central west front of the central Capitol building. The original library was commenced in 1800, but was destroyed with the Capitol in 1814, during the war with England. It was afterwards re-

plenished by the purchase of the library belonging to ex President Jefferson by Congress, embracing about 7,000 volumes. In 1851 it contained 55,000 volumes, and by an accidental fire in that year the whole collection was destroyed, except 20,000 volumes. It was rebuilt in 1852, when \$75,000 was appropriated in one sum to replenish the collection. The new library halls, three in number, are fitted up with ornamental iron cases and iron ceilings, the whole being perfectly fire-proof. The library is recruited by regular appropriations made by Congress, which average about 12,000 per annum, and also by additions received by copyright, and from the Smithsonian Institution. The library of the Smithsonian Institution has now been deposited in the library of Congress, where it is secured against loss by fire. This collection is especially rich in scientific works, em-

*Each branch of our business is in*

bracing the largest assemblage of the transactions of learned societies which exist in the country. The library of copyright books was removed here from the Patent Office in 1870, and all copyrights issued in the United States are now recorded in the books deposited in the office of the Librarian of Congress. The present number of volumes in the whole library, including law books, which are kept in a separate library under the Supreme Court, is over 250,000. This collection is very rich in history, political science, jurisprudence, and in books, pamphlets and periodicals of American publication, or relating in any way to America. At the same time, the library is a universal one in its range, no department of literature or science being unrepresented. The public are privileged the use of the books in the library, while

members of Congress and about thirty official members of the Government only can take away books. The library is open every day (Sundays excepted) during the session of Congress from 9 a m to the hour of adjournment. In the recess of Congress it is open between the hours of 9 a m and 4 p m. Librarian, Ainsworth R. Safford, 105 C se. Assistant Librarians, Charles W Hoffman, 41 nw; Louis Solyom, Montgomery co, Md; George A. ## HOSPITALS, ASYLUMS, &C.

### HOSPITALS.

**Government Hospital for the Insane.** The site of this Hospital is about two miles due south of the Capitol, on the southeast side of the Anacostia river, and is reached by Pennsylvania avenue east, east Eleventh street, the Anacostia bridge and Nichols avenue. It is a national institution, and receives all the insane of the army and navy, and the revenue cutter service, including all insane persons who have received an honorable discharge, either from the army or navy, and are indigent, and the indigent insane of the District of Columbia, who are admitted upon the order of the Secretaries of War, of the Navy, of the Treasury, and of the Interior, respectively.

When there is room for their accommodation, independent or pay patients are received upon a certificate of insanity, signed by two practising physicians of the District, a request in writing of a near relative or the guardian of the patient that he may be admitted to the Hospital for treatment, the prepayment of thirteen weeks board, and the execution of a bond to secure future payments.

Visiting days.—General visitors are admitted to the Hospital only on Wednesdays between the hours of 2 p m and sunset. The visits of near relatives to patients who are dangerously sick are not restricted to particular days of the week. Visits on business, or to see patients, except they are dangerously sick, are not permitted on Sundays. These rules do not apply to strictly social visits to the medical officers of the institution.

## HOMES.

### Soldiers' Home.

Is located on Rock creek church road at intersections of Harewood road, covering about — acres. Was founded in 1851 under act of Congress approved March 3, 1851, as a "Military Asylum," which designation was changed to "Soldiers' Home" by Act of Congress approved March 3, 1859.

Its object is to furnish a permanent and comfortable home for old or disabled soldiers of the U S army.

Its general government is administered by a Board of Commissioners, consisting of the Adjutant General of the army, the Surgeon General of the army and the Commissary General of Subsistence U. S. army. Its officers are a governor, a deputy governor, and a secretary and treasurer. Members of the Home who are entitled to its benefits are soldiers of the U. S. army who have served faithfully twenty years or who have been disabled in the service and in the line of duty so as to disqualify them for further military service, and also pensioners of the regular army. The latter are required by law to surrender their pensions to the Home while they are inmates. There are now nearly four hundred and thirty-six inmates here on the rolls of the Home.
